

WHITewater RAFTING TOUR

Outdoor Recreation
FMWR Fort Benning

DESCRIPTION

Take a guided trip down the whitewater portion of the Chattahoochee River in rafts. At the end of the trip, the guides will show how to “surf” the rapids. Then take another guided trip down the rapids in a combination of rafts, single person funyaks, and two person funyaks allowing those more adventurous to take the next step into a smaller craft. At the rivers end, “surf” the rapids again.

In the calm water at the end of the trip, participants will have the opportunity to try kayaks and paddleboards; giving participants a taste of another new sport. Enjoy lunch on the banks while watching your comrades try out the new equipment on the calm waters.

Lunch will be provided.
